

INSPIRE FUTURE GENERATIONS WITH SHOWCASED CAREERS

Inspire is an unlimited, free-of-charge learning resource created by Hays for Primary and Secondary schools. It gives pupils key insight into the world of work and how to thrive with top employers. In a series of ready-made lesson plans with supporting material, Inspire engages young people to link their education journeys with future careers and the opportunities available to them.

GATSBY BENCHMARK FULFILMENT BY DELIVERING TO YOUR SCHOOL

- An embedded programme of career education and guidance
- Labour and career market knowledge
- Curriculum links to careers
- Meaningful encounters with employers and employees
- Information about valued skills in the workplace

EMPLOYER INSIGHTS

We're delighted to be working with several organisations representing various sectors and their world of work. The lesson plans targeted at year 6, 9 and final stage 10/11, reflect education milestones for pupils. Schools will find detailed teacher and student resources, alongside interactive content within our free learning management system, to empower educators to deliver effective career guidance.

For more information on supporting your school with Inspire, please visit hays.co.uk/inspire email inspire@hays.com or contact your local consultant.
